

PRESS RELEASE | December 2016

Grand reopening Waldhaus Flims

After only four months of renovation the 5-star Waldhaus Flims Alpine Grand Hotel & Spa reopens its doors on December 9, 2016. The highly traditional hotel in the heart of the mountainous Flims region prides itself on being the best address for all types of accommodation, with its historic character and modern comfort. A superior choice for wellness, spa visits, weddings, conferences and recreational holidays in any season.

Waldhaus Flims Alpine Grand Hotel & Spa

Flims, December 9, 2016 – The Waldhaus Flims Grand Hotel & Spa in the Swiss holiday resort of Flims, just 140 kilometers from Zurich, is nestled within breathtaking scenery with a panoramic view of the Alps and surrounded by the largest hotel park in Switzerland. During the past four months, all rooms and suites of the Grand Hotel and the Villa Silvana have been completely redeveloped. The renovation works at Chalet Belmont will start in April 2017. While fully preserving the historic character of the Belle Epoque-Grandezza evoked by the three guesthouses and the Art Nouveau Pavilion, the entire hotel facilities were updated to state-of-the-art technology. The hotel's own four restaurants were also completely renovated, as was the 2800-square-metre Waldhaus Spa, which offers guests not only new fitness equipment and additional wellness rooms but also a completely redesigned concept for various treatments. "We are pleased that in the magnificently updated hotel premises, we have created a place to pursue the renowned tradition of Waldhaus Flims and combine it with incomparable guest services and first-class wellness offerings. About 180 employees will make sure that our guests will get an unparalleled hotel experience," says Peter Schoch, Managing Director of Waldhaus Flims.

Three guesthouses with 142 rooms

Furnished with great attention to detail, the total of 142 rooms in the three guesthouses – 5-star Grand Hotel, 4-star Villa Silvana and 4-star Chalet Belmont – give the new Waldhaus Flims a distinctive atmosphere. The room categories range from the Superior Double Room with about 26 square meters to the Deluxe Junior Suite and the Clerezza Suite with its own roof terrace to the newly constructed President Suite with over 250 square meters on the top floor of the Grand Hotel. In addition to regional delicacies, the culinary offers at the four hotel restaurants also feature typical Swiss specialties and classic international cuisine.

Weddings and events

The spacious expansion of the entire hotel premises has turned Waldhaus Flims into the top address for individual tourism as well as for business guests. For seminars, conferences and meetings, guests may select from 11 multi-use rooms and the Art Nouveau Hall for up to 500 people with modern technology and infrastructure. The Art Nouveau Pavilion with the large ballroom and the entire park are available for weddings and events. If desired, the entire hotel premises can be hired exclusively. The hotel's own wedding planner will help with the organization from A to Z.
